2.4G Wireless Optical mouse

CNF-MSOW01B

The sleek design and comfortable grip of the mouse CNF-MSOW01B ensure an easy navigation while being a cool accessory. It features an optical sensor and a built-in storage compartment for its mini USB receiver. It uses wireless technology on a 24 GHz bandwidth, which offers you enhanced reliability. The mouse has an ergonomic and compact design for a comfortable navigation, a high precision motion control and smooth tracking. This mouse is part of the Green Series which offers 'no-frill' products with simple design, technology and packaging. This contributed to cut down our carbon emissions and to offer this green assortment at a highly competitive price.

Key Features

- Optical technology for precise tracking
- 24 GHz wireless technology for a reliable connection without delays or dropouts
- Mini USB 2.0 receiver included
